

Platinum Coast Orchid Society The Rhyzome

March 2013 Edition

President's Message:

Plants are blooming and gardens are sprouting! What a great time of year! We had a nice variety of blooming plants for Betty Adamson's show and tell at our February meeting. Betty also moderated a Q&A session to address member's questions about orchid growing. This will be a staple of our future meetings. Show preps are coming along nicely. Planning meetings are scheduled for 6:00 PM, March 20 and April 17 in the Karen Rood Community Center at Kiwanis Island Park. We are still looking for non-orchid vendors for the show to set up a "tent garden" outside the entrance under the oak trees. If you know of anyone that vends gardening or orchid-related products please have them contact me or Cathy to apply. We are seeking a head clerk for the show judges' team. This important position is the interface between the judges and the show administration. Organizing the clerks into teams, providing instructions, and collecting the score sheets for recording are essential tasks. If you have clerked before you have the experience to be the team leader. We encourage everyone to obtain one cash award sponsor and one donated merchandise item for the raffle or hourly door prize drawings. Sponsor forms are available. Please contact me or Cathy if you are interested in helping with the show or have questions.

Bylaw Revision: The changes to the Standing Rules and Bylaws published in the February Rhyzome were adopted by the membership at the February meeting with one exception. A motion was approved to change the wording of ARTICLE XI, Dissolution. The following change will be voted upon by membership at the March meeting.

"Section 1 The corporation shall be dissolved after one year of inactivity. It may also be dissolved at any time by a two-thirds vote of members in good standing. In the event of such dissolution all assets of the Society shall be reduced to cash with one hundred percent going to the American Orchid Society, with 25% earmarked for the Florida North Central Judging Center."

Best wishes to John Hicks as he continues his medical treatment. Continuing best wishes are also sent to Louise Loy as she receives her treatment. Member Marie Williams hasn't been able to attend our meetings and we miss her presence. Hopefully these members will be able to attend our May show and join us in our special celebration.

I am continuing to collect the items for the golden anniversary show table. Thanks to all who have contributed. It is exciting to see the different variety of collectibles, keep adding to them!

\$50,000 for Orchid Research

The AOS is soliciting its members and the general public for practical or applied orchid research ideas that could be immediately used by hobbyists and commercial growers. The ideas will be reviewed and the winners will become proposals to be sent to various universities or institutions of higher learning. The AOS has received this generous donation that will be used to fund the research at the institution(s) submitting the proposal(s). Send your ideas to ideas@aos.org. No idea is too "far out." Please note, however, that submitting the idea to the AOS does not qualify for any of the research grant. The grants will be disbursed only to established research institutions.
