

About the Platinum Coast Orchid Society (PCOS)

More than sixty years ago, the PCOS was founded with one goal—to promote the conservation of orchids and grow them for personal enjoyment and satisfaction. Members believe that “everyone can grow orchids” and help each other make this claim a reality. The society is for anyone who is interested in the study, growing, and enjoyment of Orchidaceae.

The Platinum Coast Orchid Society is pleased to announce, once again, that a portion of the proceeds will benefit The Candlelighters of Brevard, Inc., a non-profit organization dedicated to providing emotional and financial support to children with cancer and their families. The Society considers it a distinct honor and privilege to assist this worthy cause and sincerely hopes the public will attend this beautiful orchid show and help make the event a tremendous success.
