#### PRESIDENT'S MESSAGE

President's Message:

I hope everyone enjoyed our speaker, Francisco Miranda, at the August meeting. I thought his presentation of orchids in Brazil was fantastic. His focus on the 5 environments for growing orchids in that country made me appreciate how important it is to select plants that can acclimate to our growing conditions. The use of a drone to get pictures of the orchids growing in their natural habitat was also interesting. I bought 3 orchids from him and I can't wait to see how well they take to my backyard.

I now have three society members who have accepted serving on the nominating committee for our November election of 2026 Board members. According to the bylaws, the general membership must approve their appointment to the committee so that will be on the agenda for our September meeting. They will present the slate of candidates at the October meeting. We can take nominations from the floor in November when the official voting will take place. As per the bylaws, the voting will be by ballot.

Two events coming up in October. Last time to sign up and pay for the trip to Redlands on Saturday, October 18<sup>th</sup> will be at the next meeting. We're inviting Brevard County Orchid Society (BCOS) to join us so you need to confirm your seat asap.

We also have the PCOS Annual Picnic on Sunday, October 12<sup>th</sup>. The signup sheet will be passed around the next meeting. Please specify how many of your party will attend and what item you will bring to the potluck meal. The Society purchases the meat for this event so we need to know approximately how much to bring. We play BINGO with orchids as prizes! You don't want to miss that!

Lots of fun things happening. See you soon!

Laura

#### SUNSHINE

Deepest sympathy to Witha on the passing of her husband.

Continuing get well wishes to Tom Dixon as he recovers from his surgery.

Continuing get well wishes to Gheri Lockwood as she recovers.

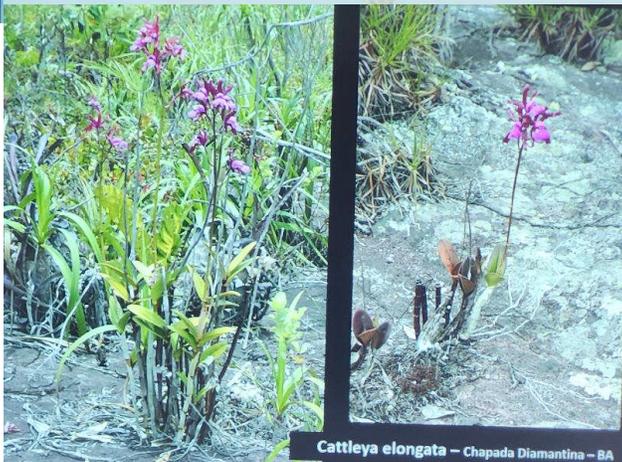

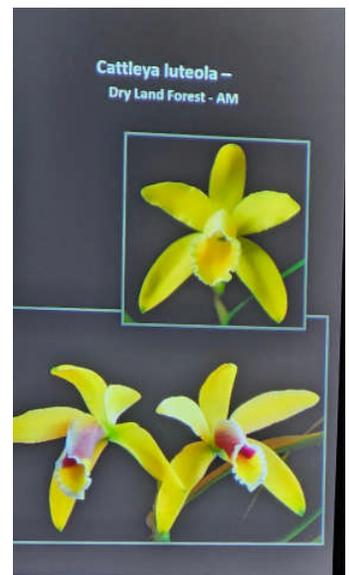

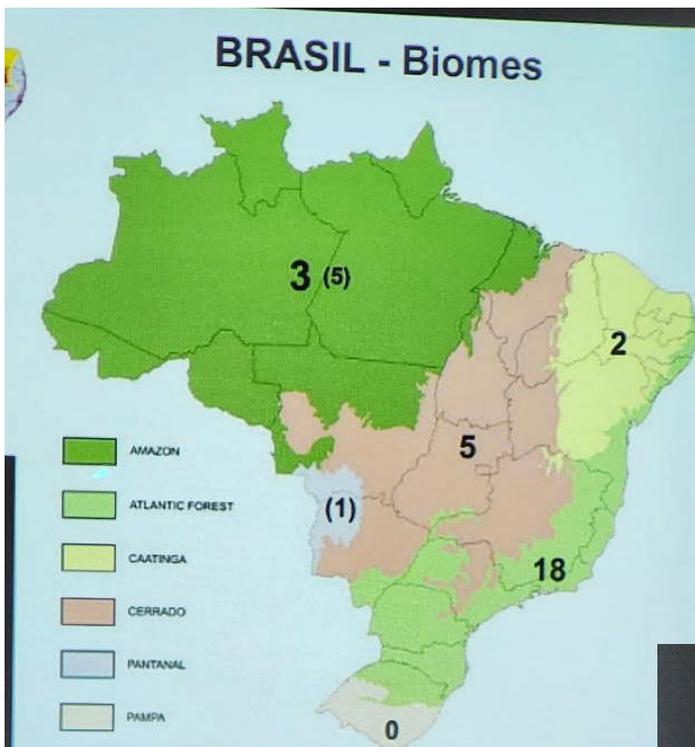

Ed reports that Jed is getting better everyday.

Please let Betty Adamson know when members need some "sunshine".

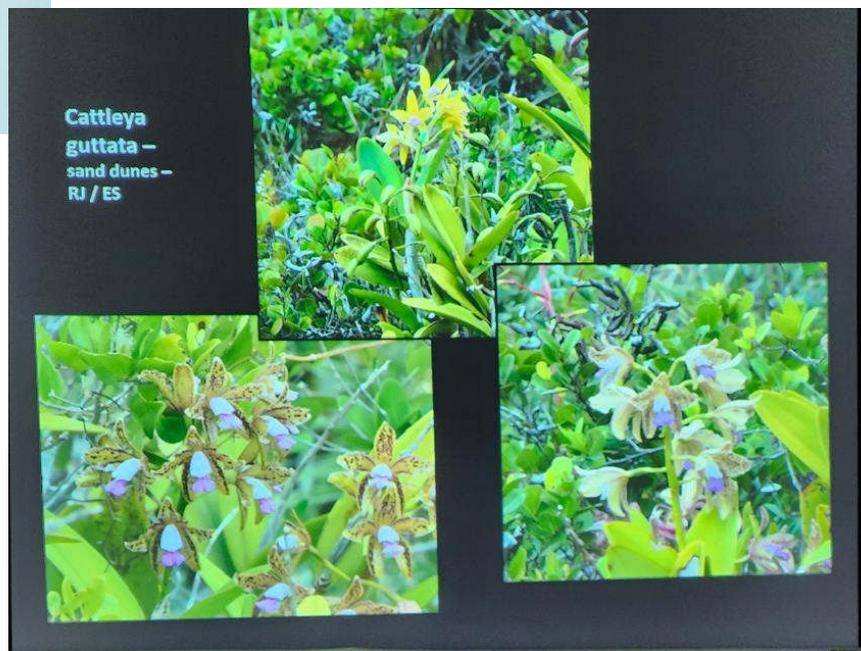

# August's Meeting—Speaker Francisco Miranda

We all loved Francisco Miranda's captivating program on Brasil's Biomes. The country's landmass includes the wet Amazon to dry lands to sand dunes, all welcoming specific types of orchids. It is important to know where your orchids originated, so you can give them exactly what they want.
