

Platinum Coast Orchid Society

The Rhyzome

November/December 2018 Edition

****Program Change****

We are postponing our potting/member plant sale & share until early next year. I am excited to share that Fred Clarke will be our speaker at our upcoming meeting. Fred is talented orchid expert from Vista, California. He is a top hybridizer of orchids and has plants grown by orchid enthusiasts world wide. He developed the famous black orchid Fredclarkeara After Dark. Fred will also bring cattleyas, catasetums and Australian dendrobiums for sale at the meeting. The topic of the lecture will be Catasetinae but Fred will be happy to answer any "orchid" questions. Please come with lots of questions. Visitors and guests are welcome too.

This is a speaker you won't want to miss.

We will also have the sign up sheet for the holiday party as well as the election for our board for 2019. I hope to see all of you on November 14th at 7 pm. Happy growing!

GREAT PLACES FOR MEMBERS TO FIND INFORMATION ON ORCHIDS:

1. Programs—Take notes—someday they will make sense.
2. AOS Magazine articles. “Orchids” is available at every meeting for check out.
3. Members— Ask longtime members about orchids, but realize that your yard and potting choices are key. We all use trial and error to succeed.
4. Internet sites—**www.aos.org**—This AOS site has the answer to almost any question.
5. Rambles at members’ homes to help you identify the best way to grow your orchids.

PCOS is an affiliate of the **American Orchid Society (AOS)**. There’s an abundance of information on the AOS website. Please visit www.aos.org for articles, advice on growing orchids, and lots of free information.

Ask Betty Adamson for an application if you’re interested in joining.
